Dear Sir or Madam,

the Structural and Approval Directorate South issues the following

Confirmation.

This confirms that the face protection mask

- Brand: LAIANZHI
- Model: XY011
- Manufacturer: Zhongshan Saifute Labor Protective, Articles Co. Ltd.
Zhongshan, Guangdong, China
- Importer: heo GmbH, Gewerbepark West 12-14, 76863 Herxheim

meets the requirements of the Chinese standard GB 2626-2006, filter class KN95. This mask is classified as equal or higher in terms of the filter performance of bioaerosols compared to FFP2 masks according to EN 149-2001. Thus, the face protection mask is basically suitable for protecting the wearer from the corona virus (SARS-Cov-2). **The mask does not meet the valid requirements of the European Regulation on Personal Protective Equipment.** Due to the acute danger situation,

the mask may nevertheless be issued, even without CE marks, but **only for protection against coronaviruses**. The masks may only be used for the duration of the Corona Pandemic.

This confirmation must be passed on in copy to all buyers or intermediaries up to the user.

This confirmation may only be redistributed in full and unchanged.

Yours sincerely

On behalf of

Christian Müller
